

EVELINECHARLES™ LAUNCHES SKINCARE

Vancouver, B.C.: EvelineCharles™ Salons • Spas is thrilled to announce the launch of their new skincare line available April 2007. This new range is the latest creation for EvelineCharles™ (EC) and completes the existing brand which includes bodycare, hair care, nail care and technology.

In 2004, Eveline Charles, president and CEO of EvelineCharles™ Salons • Spas, was inspired to create a skincare collection which offered products with high quality ingredients to produce optimum results. Following this decision, Charles and the EC Product Development Team traveled to France to collaborate with the leading skincare manufacturer. After three years of development, EC Skincare is now available and is being used during all facial services at every EC locations.

This line took longer than any other we've done due the intricate nature of skincare, but it has been worth the wait. The best feature of our line, aside from the premium ingredients, is its simplicity. The six step system makes following a regular skincare routine so easy for anyone wanting to take fantastic care of their skin - young and old.
